The Experience of a Lifetime!

Kennesaw State offers students the opportunity to fulfill many of their first-year curriculum requirements by spending seven weeks of the fall semester in ITALY!

KSU's University College and the Division of Global Affairs have collaborated to create the Global Fellows Program, a unique experience for first-year students.

As a Global Fellow, you spend the first seven weeks of the fall semester on campus and the second seven weeks in Italy. This 7 x 7 approach is designed to help prepare you to compete in the global market, develop international and national perspectives, and get a head start on your community, civic, and leadership training. As a participating fellow, you will work with mentors at home to get the most out of the experience.

The semester schedule:

You’ll be home before Thanksgiving!

Your On-Campus Adventure

You are introduced to Kennesaw State University as a traditional student with seven weeks of on-campus coursework. While on campus, you will have access to all activities and organizations afforded to KSU students. You will also be paired with a local civic, business, or community leader, who will be your mentor throughout your college career.

Your Life in Italy

You spend seven weeks in Italy finishing the classes started on campus. You will meet local leaders, visit area businesses, and tour sites, including vineyards, organic farms, and archeological museums. The experience also includes trips to exciting cities like Rome, Florence, and Siena. Finally, you will complete an assignment given by your on-campus mentor.
