Acknowledgment of Travel in a Country under a State Department Travel Advisory

For use in cases where the Division of Global Affairs and the Office of International Safety & Security recommends that travel to a region of the world in furtherance of a Kennesaw State University related program occur with caution due to safety/security concerns presented by the U.S. Department of State. The U.S. Department of State has established four Travel Advisory Levels for countries around the world, including 1) Exercise Normal Precautions; 2) Exercise Increased Caution; 3) Reconsider Travel; and 4) Do Not Travel. This form is intended as an acknowledgment by the traveler that there is a Level 2 or higher Travel Advisory in the region of travel, that the traveler understands the reason for the elevated risk, and there could be a higher risk associated with travel to this region.

I acknowledge that the Kennesaw State University Division of Global Affairs and the Office of International Safety & Security recommend caution when traveling to my destination at this time due to the possibility of an increase of security and/or safety concern pursuant to a U.S. Department of State Travel Advisory.
