Step 3: Monitor Your Submissions
Use the Sponsor Dashboard to monitor your submissions.

1. Login to OwlExpress, then select Sponsor Dashboard.

2. The Sponsor Dashboard displays the status of submissions as they move through the approval process. Here, you will have the ability to monitor all submitted requests.

3. As your request moves through the approval process, monitor your inbox for the following emails:

   a. Background Check – It may be necessary to conduct a background check on your visitor. If so, you will be responsible for following up with your visitor to be sure that they respond in a timely manner to the consent request.

   b. Background Check Confirmation – If a background check was requested, you will be notified once the background check consent has been received by HR.

   c. Visitor Approval – You will receive an email when your Registered Visitor has been approved and what the steps are to fully onboard them.

   d. Expiration Notice – You will also receive an email when your Registered Visitor is within 30 days of their expiration date.

Note: It is the Sponsor’s responsibility to notify HR when the Registered Visitor separates from the university prior to the expiration of the visitor’s Access End Date. This allows HR to terminate/reassign visitor access accordingly.

Please make necessary arrangements to reassign a new Sponsor to any Registered Visitors you sponsor upon your separation to ensure continuous access.
